

Tofu Ling Social Studies Activity

Grid Activities

Teaching children to understand a grid location will help them to locate a place on a map using grids. To locate a grid square first go across from left to right (A,B,C) and then go down (1,2,3). When they have completed this activity, locate grid markings on city or state map and demonstrate how to find a location.

Draw the following shapes in the designated squares on the grid above: the sun in A1, a butterfly in B2, the clouds in C1, a pond in A3 and B3, and a tree in C2. Now it is your turn to decide where to draw an object. Then, identify the location of the object next to the name. Tofu Ling _____, flowers _____, and a swan _____.

Bonus: Create your own object _____ and record its' location _____.
