Creative Writing: Words Take Shape

Let your words take shape! Inside the outline shapes below, describe the shape. Try to use as many of your senses that you can to describe it. Words to describe the senses are **sight** (color, lines, texture); **hear** (crunchy, hollow, solid, squeaky); **smell** (earthy, sweet, fragrant); **touch** (smooth, rough, cold, wet, furry, bumpy); and **taste** (sweet, tart, sour, salty). Remember, sometimes you have to use your imagination. Then, see how many other shapes you can describe in the book.
